The visitors put up a good game, but Marietta gave one of the poorest exhibitions of fielding in the history of the team. Purcell was batted very hard by the Cambridge sluggers, who made 15 hits off of his delivery. Gaston pitched for the visitors, Marietta securing 11 hits. The locals had seven costly errors marked against them, while Cambridge had but four. The third and last of the series will be played today.

When the party who went out to shoot the well arrived they found that the well had filled up with 2,000 feet of oil rendering it impossible for them to do what they had purposed. Mon's

Double Standard Maple Sugar. The Mohawk valley was settled by the Dutch, as your readers know. When the country was new, Yankee peddlers came through the settlements and purchased the crop of maple sugar. On one occasion a green Dutchman sold a Yankee his maple sugar far below the market price, and his neighbors teased him for being deceived. He said, in reply: "You wait and I will win next year." The next spring he sold his crop of sugar to the same Yankee at the same price. When his neighbors rallied him, he said: "I am no fool. I made the sap that sugar was made from of half spring water." The green Dutch farmer had just as much common sense as those cranks who assert that 50 cents' worth of silver and an equal amount of water will make a dollar worth 100 cents in gold at the present standard.—N. Y. Sun.

A Valuable Prescription.

Editor Morrison, of Worthington, Ind., "Sun," writes: "You have a valuable prescription in Electric Bitters, and I can cheerfully recommend it for Constipation and Sick Headache, and as a general system tonic it has no equal." Mrs. Annie Stehle, 2925 Cottage Grove Ave., Chicago, was all run down, could not eat nor digest food, had a backache which never left her and felt tired and weary, but six bottles of Electric Bitters restored her health and renewed her strength. Price 50 cents and \$1.00. Get a Bottle at W. H. Styer's Drug Store.

IN a young girl's life there comes a time when the careless innocence of childhood changes to the modest, blushing maidenly self-consciousness of approaching maturity. The eyes are bright, the form is rounded; there is a touch of shy coquetry in the glance—the girl has become a woman. She has entered that critical period so full of happy possibilities, yet so hedged about with the physical sufferings and dangers peculiar to her sex. It has been said that to be a woman is to suffer. Too often this is true. A woman's whole nature is so bound up in the special functions of her womanhood that any disturbance of this sensitive organism throws the whole system out of harmony. "Female weakness" causes nine-tenths of all the wretchedness which women endure. It can never be permanently relieved by "local treatments." That is generally an expensive, embarrassing, useless, make-shift. What is needed is Dr. Pierce's Favorite Prescription to reach the innermost sources of the trouble and restore health and strength directly to the internal organs. This stops the weakening drains which sap life's foundation; heals all ulcerated conditions, gives the ligaments elastic power of themselves to correct misplacement of internal organs and imparts tone, vigor and vitality to the entire feminine organism. In a word the "Favorite Prescription" makes healthy, happy women. Dr. Pierce is the Chief Consulting Physician of the Invalids' Hotel and Surgical Institute, Buffalo, N. Y. He has made a life-study of women's peculiar ailments. Over ninety pages of his great work, "The People's Common Sense Medical Adviser," are devoted to the consideration of diseases peculiar to women. Successful means of home-treatment are there suggested, making it unnecessary to employ a physician, or to submit to his "examinations" and the stereotyped, but generally useless, "local treatment." Twenty-one (21) one-cent stamps, to cover cost of mailing only, will bring a copy of this useful book. Address, World's Dispensary Medical Association, Buffalo, N. Y.

Dr. Thomas' Electric Oil has cured hundreds of cases of deafness that were supposed to be incurable. It never fails to cure earache.
